FROM

THE HON'BLE MR. E. G. COLVIN, C.S.I., C.S.,  
*Chief Commissioner of Ajmer-Merwara.*

TO

SIR LOUIS W. DANE, K.C.I.E., C.S.I., C.S.,  
*Secretary to the Government of India  
in the Foreign Department, Simla.*

*Dated Mount Abu, the 10th October 1907.*

SIR,

I have the honour to submit the Annual Administration Report of Ajmer-Merwara for the year 1906-1907, compiled by the Commissioner, Major C. H. Pritchard, I. A.

2. As regards paragraphs 127 and 128 of the Report, while agreeing with the Commissioner that the minor improvements which he alludes to should not be indefinitely postponed, I am of opinion that the Municipal authorities will be well-advised to husband their limited resources until their requirements in the matter of loans for the larger schemes of water-supply and sanitation are more clearly defined. Out of the balance to credit of the Municipality (paragraph 100), nearly one lakh is likely to be spent during the current year on preliminary investigation with regard to the water-supply scheme. As this expenditure is certain to continue during 1908-1909, the balance will then be reduced very low, and it is desirable if possible that the Municipality should complete their preliminary investigations and formulate their requirements in the way of loans before they begin to borrow.

I have the honour to be,

SIR,

Your most obedient, servant,

E. G. COLVIN,  
*Chief Commissioner, Ajmer-Merwara.*

# REPORT

ON THE

## ADMINISTRATION OF AJMER-MERWARA

FOR

### 1906-1907.

#### SECTION I.

##### GENERAL ADMINISTRATION.

1. Lieutenant-Colonel P. J. Melvill held charge of the office of the Personnel Commissioner, Ajmer-Merwara, up to the 18th November 1906. He proceeded on nine months' furlough combined with three months' privilege leave. Major H. B. Peacock was in charge of the office of the Commissioner from the 19th November to 12th December 1906. Major C. H. Pritchard took over charge from Major Peacock on the 13th December and held the post to the close of the year.

2. The following officers held charge of the offices of Assistant Commissioners of Ajmer and Merwara for the periods noted against their names :—

##### AJMER.

Captain A. B. Minchin, I.A., from 1st April to 12th October 1906.  
Major H. B. Peacock, I.A., from 13th October to 31st March 1907.

##### MERWARA.

Mir Saiyad Husein (in charge) from 1st to 30th April 1906.  
Major C. T. Ducat, I.A., from 1st May to 21st August 1906.  
Mir Saiyad Husein (in charge) from 22nd August to 3rd October 1906.  
Captain W. G. Hutchinson, I.A., from 4th October 1906 to 31st March 1907.

3. Lieutenant-Colonel H. R. Woolbert held charge of the office of Civil Surgeon of Ajmer, and Mr. R. C. Bramley held the office of District Superintendent of Police, Ajmer-Merwara, throughout the year.

4. The total revenues of Ajmer-Merwara, Imperial and Local, amounted to Rs. 13,03,340 as compared with Rs. 11,17,475, and the expenditure to Rs. 12,63,066 as against Rs. 12,92,722 in the year 1905-1906. Imperial revenues increased from Rs. 6,86,173 in 1905-1906 to Rs. 8,39,889 in 1906-1907, while the expenditure amounted to Rs. 8,48,241 as compared with Rs. 8,31,738 in 1905-1906. Revenue and Expenditure. (Fide Statement No. 42.)

5. There was a deficit of Rs. 8,352 in Imperial revenues this year as compared with a deficiency of Rs. 1,45,565 in 1905-1906. The deficiency was due to the expenditure of Rs. 59,693 on famine relief.

6. The increase in Imperial revenues occurred under the following heads:—

	Rs.
Land Revenue proper . . . . .	1,28,439
Stamps . . . . .	2,078
Assessed Taxes . . . . .	2,546
Registration . . . . .	415
Interest . . . . .	35,726
Law and Justice—Jails . . . . .	15
Education . . . . .	42
Provincial rates . . . . .	953
Receipt in aid of superannuation . . . . .	1,164
Miscellaneous . . . . .	14,758
<b>TOTAL . . . . .</b>	<b><u>1,86,136</u></b>

On the other hand there was a decrease of Rs. 32,419 under the remaining heads. There was therefore a net increase of Rs. 1,53,717 in Imperial revenues. The principal increase was under the heads "Land Revenue proper," "Interest," and "Miscellaneous." This was owing to fairly good rainfall and harvest.

## SECTION II.

## ADMINISTRATION OF THE LAND.

## I.—COURT OF WARDS.

*Year ending 31st July 1907.*

7. The estates are managed by the General Manager of the Courts of Wards, Ajmer, under the control of the Commissioner, who represents the Court of Wards.

8. The year (Sambat 1963) was a normal one. The total rainfall was Agricultural about the average and, being timely and opportune, both harvests were fairly aspect. good. All relief works connected with the scarcity of the previous year were stopped in the month of September 1906.

9. At the beginning of the year there were 12 estates under management. Estate under The estate of Chawandia was released from management during the year. management. The estate of Goela was placed under the management of the Court of Wards owing to the succession of minor Thakur Ranjit Singh to the estate of his deceased father Magan Singh, who died on the 9th February 1906. The number of estates under management at the close of the year was thus 12, viz., Bhinai, Masuda, Junia, Deolia Khurd, Kalahera Bogla, Kerote, Gangwana, Sarana, Karel, Basundni, Richmalian and Goela.

10. The balance at the credit of the Court of Wards at the opening of the year was Rs. 29,725 in cash and Rs. 92,100 in Government securities.

11. The income of the estates under management during the year amount- Financial. ed to Rs. 3,65,156. The total receipts, including the cash balance, were Rs. 3,94,881, of which Rs. 3,46,552 were derived in the three important estates of Bhinai, Masuda and Junia as shown below :—

	Rs.
Bhinai . . . . .	1,25,679
Masuda . . . . .	1,70,733
Junia . . . . .	50,140 and
Other estates . . . . .	48,329

12. The expenditure amounted to Rs. 2,84,793 (Bhinai 1,17,053, Masuda Rs. 1,04,448, Junia Rs. 34,256, other estates Rs. 29,036). The closing cash balance at the credit of the several estates on the 31st July 1907 was Rs. 1,10,087, viz., Rs. 8,625 in Bhinai, Rs. 66,285 in Masuda, Rs. 15,884 in Junia and Rs. 19,293 in other estates, besides Government securities of the face value of Rs. 1,16,100 held on behalf of the following estates :—

	Rs.
Masuda . . . . .	1,08,100
Kerote . . . . .	6,000
Sarana . . . . .	1,000
Karel . . . . .	1,000
TOTAL . . . . .	<u>1,16,100</u>

13. During the year Government Promissory Notes of the face value of Rs. 30,000 and Rs. 1,000 were purchased on behalf of the Masuda and Karel estates, respectively. Government Promissory Notes of the value of Rs. 7,000, together with a cash balance of Rs. 2,292, were made over to Mahant Badripuri Jagirdar of Chawandia as assets of his estate when the estate was made over to him.

14. Management charges amounted to Rs. 25,980 or 7·34 per cent. of the Cost of manage- gross income of the estates.  
ment.

15. The demand for the current year from all sources amounted to Rs. 3,39,734, which, when added to the arrears, amounting to Rs. 83,251, of Demand and collections. the previous years, brought the total demand of the year to Rs. 4,22,985, viz.:—

	Rs.
Bhinai . . . . .	1,42,282
Masuda . . . . .	1,60,469
Junia . . . . .	62,575
Other estates . . . . .	57,859

16. The collections were Rs. 3,65,156 (Bhinai 1,22,799, Masuda Rs. 1,50,125, Junia 49,963, other estates Rs. 42,269), remissions were Rs. 2,385, and the outstandings at the close of the year amounted to Rs. 55,444 or less than that of the past year by Rs. 27,807.

17. The figures of demand, collections, remissions and outstandings of income under the head Land Revenue and Cesses are as below :—

	Demand.	Collections.	Remissions.	Outstandings.
	Rs.	Rs.	Rs.	Rs.
Bhinai . . . . .	1,07,643	92,323	11	15,309
Masuda . . . . .	1,17,900	1,13,124	56	4,720
Junia . . . . .	56,840	46,531	7	10,302
Other estates . . . . .	45,815	32,785	2,121	10,909
TOTAL . . . . .	3,28,198	2,84,763	2,195	41,240

The figures of remissions under "Other estates" include Rs. 1,924 remitted in the Gangwana estate.

Government  
dues.

18. The instalments of Government Jama due for the Kharif and Rabi harvest of Sambat 1963 (A.D. 1906-1907) were paid by all estates in full together with the arrears of the Jama due for Kharif harvest of Sambat 1962 (A. D. 1905-1906) which was postponed for payment during the year under report. The arrears of Jama now due to Government by the Wards estates is Rs. 12,578, viz., Bhinai Rs. 4,300, Junia Rs. 3,489, Deolia Khurd, Rs. 537, Kalahera Bogla Rs. 537, Kerote Rs. 1,013, Richmalian Rs. 49, Goela Rs. 2,225 and Karel Re 1.

19. Besides Bhinai estate, in which Rs. 12,000 on account of Taccavi were borrowed from Government during the year for improvement of tanks which had breached in July 1906, the estates of Richmalian and Goela which lately came under management also owed Taccavi to Government.

20. During the year only one instalment of Rs. 37 was paid by Richmalian. The first instalment of the Taccavi loan due by the Bhinai estate falls due in the year 1907-1908, while the Taccavi due by the Goela estate is a sum long overdue. It could not be paid during the year. The total Taccavi debt due by the estates at the close of the year under report was as below :—

	Rs.
By Bhinai . . . . .	16,552
By Goela . . . . .	837
By Richmalian . . . . .	392

Liabilities.

21. At the commencement of the year the estates owed debt to the amount of Rs. 1,17,919, including the arrears of "Government Jama," "Taccavi" and other debts.

22. During the year Rs. 12,000 for improvement of tanks in Bhinai and Rs. 500 to meet current expenses were borrowed in the Bhinai and Junia estates, respectively.

23. Exclusive of the payment made on account of arrears of Jama and Taccavi, the estates also paid the following sums in reduction of the debts due by them :—

	Rs.
Bhinai estate . . . . .	41,900
Junia . . . . .	4,179
Masuda . . . . .	1,512
Gangwana . . . . .	187
Sarana . . . . .	328
Karel . . . . .	80
<b>TOTAL</b> . . . . .	<b>48,186</b>

24. The total liabilities of the estates, inclusive of arrears of "Jama." Taccavi and other loans, amounted to Rs. 81,362 against 10 estates, *viz.*, Bhinai Rs. 36,705, Masuda Rs. 90, Junia Rs. 30,353, Deolia Khurd Rs. 1,987, Kalahera Bogla Rs. 964, Kerote Rs. 1,013, Gangwana Rs. 6,747, Richmalian Rs. 441, Goela Rs. 3,062, and Karel Re. 1.

25. It was also found possible to recover from late Raja Chander Singh of Rajgarh a sum of Rs. 600 in reduction of the debt due by him to the estates of Deolia Kalan, Piplaj and Nawab Shamshuddin Ali Khan of Ajmer, as also Rs. 100 from the Thakur of Salari, for payment to the Simla Alliance Bank.

Rupees 155-2-6 were also paid to the Simla Alliance Bank in reduction of the debt due by Jetpura Jedana estate.

26. Similar debts still recoverable by the Court of Wards on behalf of the other creditors amount to Rs. 9,487, *viz.* :—

Creditor.	Amount.	
	Rs.	
Deolia Kalan . . . . .	414	} Due by Rajgharh estate.
Piplaj . . . . .	826	
Nawab Shamshuddin Ali Khan . . . . .	713	
Simla Alliance Bank . . . . .	651	" " Salari Thakur.
Ditto . . . . .	6,665	" " Jetpura Thakur.
Nawab Shamshuddin Ali Khan on account of interest.	218	" " Masuda estate.
<b>TOTAL</b> . . . . .	<b>9,487</b>	

27. Mr. Dhanjishah Dinshah Mehta held charge of the office of General Manager, Court of Wards, up to 15th February 1907. He was succeeded by Munshi Mithan Lal, who, on the transfer as Kamdar of the Banswara State, was, on the 23rd July 1907, relieved of the duties of General Manager by Mr. Purshotam Mehta, Manager of the Bhinai estate, up to the close of the year under report.

28. Thakur Ranjit Singh of Goela was admitted into the Mayo College, Ajmer, on 1st July 1907, and Thakur Kesri Singh of Junia completed his course and quitted the College from 1st May 1907. The Wards reading at the Mayo College now are Raja Sardul Singh of Bhinai, Thakur Bijai Singh of Masuda, Thakur Udai Singh of Kerote, Thakur Jagmal Singh of Sarana, Thakur Nathu Singh of Kalahera Bogla, Thakur Ranjit Singh of Goela and Nahar Singh, younger brother of Thakur Kesri Singh of Junia.

The Thakurs of Deolia Khurd and Basundni, and two younger brothers of the Thakur of Sarana, continued their studies at the Ajmer Government College.

29. The health of all the Wards was good and the reports in respect to their progress at College were satisfactory.

30. The garnet contractor, Seth Gopichand Dhor of Jaipur, continued to work the garnet mines in the estates of Jetpura — Jedana and Bhinai. The net profits on the working of the mines in the two estates amounted to Rs. 396, on which Rs. 25 on account of royalty, calculated at the rate of one auna in

the rupee, were paid to Government. Rupees 155, being the share of the Thakur of Jetpura, were paid on his behalf to the Alliance Bank of Simla towards the liquidation of the Jetpura estate debt.

## II.—ESTATES MANAGED UNDER THE AJMER TALUQDAR'S RELIEF (DAMI) REGULATION, IV OF 1872.

31. Of the two Dami defaulters' estates of Dodiana and Morajhari, the estate of Dodiana was restored to the Jagirdar, Mir Yakub Ali, on the liquidation of the balance of the Dami debt, amounting to Rs. 280.

32. Inclusive of the opening balance, the income of the Morajhari estate amounted to Rs. 651 and the expenditure to Rs. 466, leaving a cash balance of Rs. 185.

33. The Dami instalments, amounting to Rs. 300, which fell due during the year were paid in full; the balance of Dami still due by the estate amounts to Rs. 722.

## III.—ESTATE OF THE DIWAN OF THE DURGHA KHWAJA SAHIB.

34. The income of the estate for the year under review amounted to Rs. 9,172 as against Rs. 4,045 during the year 1905-1906. The increase was due to the good outturn of both the harvests and also to the recovery of the arrears of land revenue. It is satisfactory to note that the income of the Diwan's estate during 1906-1907 was higher than that of any previous years since the management of the estate was made over to him (1903).

35. The expenditure during the year 1906-1907 was Rs. 11,552 as against Rs. 7,286 in 1905-1906, or Rs. 4,266 in excess of the previous year. The Diwan explains that the increase in expenditure was due to abnormal charges connected with the funeral ceremonies of his mother and also to the payment of a maintenance allowance, which was in arrears for the last three years. The increase in expenditure is unsatisfactory, as it would appear to be chiefly due to an increase to the Diwan's own personal expenditure and an increase in allowances to his relatives over and above that which was paid when the estate was under Government management.

36. An inquiry is being made as to the debts which the Diwan now owes and as to the real financial position of the estate.

Nos. 4 to 10.

## CRIME.

38. The total volume of reported crime, including the number of true cases reported to Magistrates during the year, was 3,234 against 4,067 in 1905. The principal decrease was under Class VI under the head of Public nuisances.

39. Of the total of 3,234 cases, 3,036 were reported to the Police and 198 to the Magistracy. The figures for the triennial period are as follows :—

		Police.	Magisterial.
1904	. . . . .	3,072	312
1905	. . . . .	3,819	248
1906	. . . . .	3,036	198

40. The decrease of 783 Police cases as compared with the figures of the previous year was mainly due to less prosecution of cases under the local Acts.

41. There was an increase of 227 cases of non-cognizable crime, the figures being 2,856 against 2,629 in 1905.

42. In the following table the details of cognizable and non-cognizable crime are compared with those of the preceding year :—

POLICE COGNIZABLE CASES, ALL CLASSES, INCLUDING UNDETECTED AND EXCLUDED CASES.

43. The total number of cognizable cases reported to the Police under all classes was 3,036 as compared with 3,819 in 1905. Including 61 cases pending from the preceding years, and excluding 170 cases in which investigation was

refused, the total number of offences dealt with by the Police during the year was 2,927. Of this, 1,801 ended in conviction, giving a percentage of 61.52.

*Class I.—Offences against the State, public tranquility, safety and justice.*

44. There were 16 cases under this class as compared with 15 in 1905. The decrease of one case occurred under head "Offences relating to coin."

45. The total number of offences relating to coin and stamps during the year was 11. Of these, eight were convicted, two acquitted and one was not detected. Twelve persons were arrested during the year, of which nine were convicted and three were acquitted or discharged.

*Class II.—Serious offences against the person.*

46. Under this class there were 100 cases reported during the year as compared with 117 in 1905. The decrease was mostly under the heads "Murder," "Criminal force" and "Hurt."

47. Out of ten cases of murder, attempts to murder and culpable homicide, three cases were expunged, four convicted, two undetected and one was acquitted. During the year eight persons were arrested by the Police, of which four were convicted and four acquitted.

*Class III.—Serious offences against the person and property or against property only.*

48. Under this class 538 cases were reported to the Police against 514 in 1905. The increase was chiefly under the heads of "Dakaiti," "Robbery" and "Lurking house trespass or house-breaking." There were seven cases of dakaiti, of which one was expunged, two were convicted and four remained undetected.

49. Of 29 cases of robbery, five cases were expunged, five convicted, two acquitted or discharged and seventeen cases remained undetected. In the undetected cases criminals from across the border were concerned.

*Class IV.—Minor offences against the person.*

50. Under this class there were five cases as compared with four in 1905. The increase of one case was under the head of "Wrongful confinement."

*Class V.—Minor offences against property.*

51. There were 1,128 cases reported to the Police under this class as compared with 996 in 1905. The increase was chiefly under the heads of "Theft" and "Receiving stolen property."

52. The number of cattle-thefts amounted to 153. Of these cases, eight were not investigated, 22 expunged and two were declared by the court to be non-cognizable. Of the remaining 121 cases, 36 were convicted, nine acquitted or discharged and 76 cases remained undetected.

*Class VI.—Other offences not specified above.*

53. There were 1,249 cases reported to the Police under this class as compared with 2,173 in 1905. The decrease was principally under the head of "Police nuisances." This class includes cases under the Sanitary Laws. The number of sanitary cases taken up by the Police was 1,230 as compared with 2,127 in 1905. With regard to this decrease Mr. Bramley observes —

"As there was no falling off in activity on the part of the Municipal Police in the enforcement of Sanitary Laws, it would appear that cases under this head are being more effectively checked, and it is to be hoped that the decrease will continue."

54. The incidence of crime (sanitary and false cases excluded) per 10,000 of population was as follows:—

Ajmer—36.41 as against 35.92 in 1905.

Merwara—29.96 against 30.14 in 1905.

55. The number of cases investigated amounted to 1,497 as compared with 1,444 in 1905. Of these, 643 were prosecuted to conviction. The percentage of conviction to cases enquired into was 41.44 in Ajmer and 49.31 in Merwara as against 37.01 and 35.83, respectively, in 1905. This improvement in the percentage of convictions is satisfactory.

56. The number of persons arrested during the year was 2,583 as compared with 3,442 in 1905. Of those arrested, 17 persons were released under section 169 of the Criminal Procedure Code, and of the remaining tried by the Courts, 2,229 were convicted and 280 acquitted or discharged.

#### DIRECT COGNIZABLE CRIME CASES.

57. During the year under report the total number of Magistrates' true cases amounted to 198 as compared with 248 in 1905. Of these, 54 resulted in conviction, giving a percentage of 27.27.

#### Persons.

58. The number of persons concerned in the above direct cases was 498 as against 234 in 1905. Out of the persons implicated, 130 persons were convicted, showing a percentage of 26.14.

#### NON-COGNIZABLE CRIME.

##### (a) Cases.

59. During the year 1906 the total number of non-cognizable cases for disposal was 2,893, including 37 pending from the previous year. Of this number, 1,630 ended in conviction, giving a percentage of 56.44.

##### (b) Persons.

60. In connection with the above non-cognizable cases, 3,913 persons appeared before the Courts, including 96 persons from the last year. Of these, 1,857 persons were convicted.

61. The total value of property alleged to have been stolen in Police cognizable cases amounted to Rs. 95,463 as against Rs. 86,030 in 1905. The value of property recovered in these cases amounted to Rs. 36,709, giving a percentage of 38.46. The number of cases in which property was stolen was 1,314 as compared with 1,293 in 1905 and the number in which property was recovered was 685 as against 617 in 1905.

62. The permanent strength of the Police force remained unchanged, viz., 704. The total expenditure amounted to Rs. 1,13,442, of which Rs. 92,152 were debited to Imperial Revenues and the balance of Rs. 21,290 to Municipal and other bodies. The extra Police engaged during the scarcity of 1905-1906 were discharged from 1st August 1906.

63. Fifty officers and men were punished during the year as compared with 46 in 1905.

64. The general conduct of the force was reported to be satisfactory.

65. The casualties that occurred during the year 1906 are as follows:—

Resignations . . . . .	28
Pensioned . . . . .	5
Discharged . . . . .	14
Deaths . . . . .	11
TOTAL . . . . .	58

66. The health of the force was good. The total number of admissions into the hospital was 280 as compared with 167 in 1905.

67. Sixty-five officers and men were rewarded during the year. The amount earned in reward was Rs. 1,020 as compared with Rs. 480 in 1905.

68. Previous convictions were proved against 187 persons as compared with 92 in 1905.

69. Finger impressions of 229 persons were taken as against 177 in 1905.

70. The number of proclaimed offenders on the registers at the end of the year was 98 as against 87 in 1905. Every effort is made to arrest them.

71. The correct number of the names of time-expired convicts under surveillance at the end of the year was 694 as against 737 in 1905. The new system of surveillance formally accepted by the Government of India, on the report of the Police Commission, has now been introduced in Ajmer-Merwara.

72. The Police School continues to do good work, and the clerk constables who have passed the examination from this school are doing well at the police stations to which they are posted.

73. The general result of the Police Force was reported to be satisfactory. The men did their work cheerfully and satisfactorily.

74. A perusal of Mr. Bramley's report shows that the percentage of cases which remained undetected is large. This is no doubt due to a large extent to the two districts being surrounded on all sides by Native States. But attention should undoubtedly be paid to the improvement of the investigating and detective branch of the Ajmer-Merwara Police.

75. Our relations with the surrounding Native States are good. Arrangement has been effected with the Marwar Darbar with the object that the Heads of the Police Department on both sides should meet occasionally to discuss matters in connection with the suppression of border crime, and measures are being taken to extend this procedure in respect to all the Native States which border on Ajmer-Merwara. If thorough understanding and co-operation between the border Police can be established, the percentage of undetected cases in Ajmer-Merwara should undoubtedly decrease.

Co-operation  
with the Police  
of Native States.

#### (2) CRIMINAL JUSTICE (YEAR ENDING THE 31ST DECEMBER 1906).

76. During the year 1906 the office of District Magistrate, Ajmer, was held by Captain A. B. Minchin, C.I.E., I.A., and Major H. B. Peacock, I.A., and that of District Magistrate, Merwara, by Major H. B. Peacock, I.A., Mir Saiyed Husein (from 20th March 1906 to 30th April 1906 and 22nd August to 3rd October 1906), Major C. T. Ducat, I.A., and Captain W. G. Hutchinson, I.A.

77. The total number of offences reported was 5,591, of which 5,020 were returned as true. Of these, 1,098 were reported under the Police Act against 1,769 in 1905.

78. The number of cases under the Opium Act was 27 as against 18 in 1905 and 28 in 1904.

79. The number of persons under trial in the year was 7,462 : of these, 4,609 were convicted. The corresponding figures for 1905 were 9,017 and 5,698. The number of persons placed on trial before Honorary Magistrates was 3,827 as against 5,336 in 1905.

80. The average duration of each case was 7.4 as against 6.54 in 1905.

81. The decrease in the number of the cases under the Ajmer Municipalities Regulation, 1886, accounts for this.

82. The number of witnesses examined was 4,808, the corresponding figure for 1905 being 4,649.

83. There was an increase this year in the number of cases under Chapter VIII of the Code of Criminal Procedure, and the percentage of convictions (51.49) was also higher than in 1905 (35.57). The number of persons placed on trial before the District Magistrates was 77. The Court of Sessions dealt with the cases of 5 persons as against 17 in 1905.

84. In the railway jurisdiction 329 persons were placed on trial, of whom 310 were convicted : 218 persons on trial were charged with theft, of whom 206 were convicted.

85. The number of appeals and revisions dealt with by the District Magistrates and the Sessions Court was 188. In 67 cases the sentence or order in appeal was confirmed.

86. The Courts of the Cantonment Magistrate and Magistrate, 1st class, Mirabid, Judicial Assistant Commissioner and Magistrate, 1st class, Ajmer,

Incidence.

(Vide Judicial  
Statements Nos. 1  
to 6 and 13, Serial  
Nos. 11 to 16 and  
25.)

Extra Assistant Commissioner I and Magistrate, 1st class, Ajmer, Extra Assistant Commissioner II and Magistrate, 1st class, Ajmer, Tahsildar and Magistrate, 2nd class, Ajmer, Honorary Magistrate, Ajmer, and of the Naib-Tahsildars I and II and Magistrates, 3rd class, Ajmer, were inspected by the District Magistrate, Ajmer, while the District Magistrate, Merwara, inspected the Courts of the Magistrate in charge of the Beawar Sub-division and Magistrate, 1st class, Beawar, Tahsildars and Magistrates, 2nd class, of Beawar and Todgarh, and of the Naib-Tahsildars and Magistrates, 3rd class, of Beawar and Todgarh. The following Courts were inspected by the Commissioner during the year under report :—

Cantonment Magistrate, Deoli.

Extra Assistant Commissioner III, Kekri.

Honorary Magistrate, Bhinai.

Honorary Magistrate, Sawar.

(8) CIVIL JUSTICE (YEAR ENDING THE 31ST DECEMBER 1906.)

87. The number of Courts during the year under report was 24 against 26 in the preceding year. (Tide Judicial Statements Nos. and 7 to 13, Serial Nos. 11 and 17 to 25.)

88. The total number of suits instituted (including miscellaneous cases) was 5,551 : of these, 3,207 were instituted in the Court of Small Causes.

89. The total value of the suits instituted was Rs. 5,09,108 against Rs. 4,23,367 in 1905. Suits of all kinds the value of which was less than Rs. 50 numbered 3,603.

90. The total number of suits of all kinds (including miscellaneous cases) for disposal was 7,052. This includes the pending list at the close of the year 1905 (1,021) and 480 under review, revival and remand. Disposals by transfer numbered 4, and those without trial 1,195. The number of suits disposed of without contest was 3,728, of suits disposed of by arbitration 102, and of suits disposed of with contest 859. The pending file at the close of the year was 1,164 as compared with 1,021 in the preceding year, and, of these, 343 suits had been pending for more than three months. The average duration of contested Civil Suits was 157·7 days, and that of uncontested Civil Suits 51·5.

91. On the Appellate Side there were 309 appeals from decrees and orders for disposal. The pending file at the close of the year was 229 appeals. The average duration of appeals was 227·8 days against 113·55 days in the preceding year.

92. The number of applications for execution of decrees was 13,624 against 13,130 in 1905. The number pending at the end of the year was 3,630. In four cases only were the Judgment Debtors imprisoned.

93. The Commissioner, in his cold weather tour, inspected the Courts of the Cantonment Magistrate and Sub-Judge, 2nd class, Deoli, and of the Extra Assistant Commissioner III and Sub-Judge, 1st class, Kekri, and of the Honorary Munsiffs of Bhinai and Sawar.

(4) REGISTRATION (YEAR WHICH ENDED ON THE 31ST DECEMBER 1906.)

94. The total number of all classes of documents presented for registration during the year under report was 2,873 as against 2,472 in the previous year. (Tide Statement Form No. 1. Serial No. 26.) The increase is mainly in the registration of documents under Book I, whose registration is optional. Out of the total documents presented for registration, 1,916 documents or 67·73 per cent. as against 70·06 per cent. in the preceding year were registered by the Sub-Registrar, Ajmer. The slight fall in the percentage is due to increase in the documents registered by the Sub-Registrars of Beawar and Kekri.

95. When compared with the preceding year's figures, the area of the agricultural land transferred by sale shows a decrease of 1,970 bighas (from 4,533 bighas to 2,563 bighas), while there is a decrease of 2,416 bighas (from 9,872 to 7,456 bighas) in the area of agricultural land transferred by mortgage. The value of land transferred by sale and mortgage amounted to Rs. 1,97,502 or

Rs. 2,40,991 less than in the preceding year. The decrease is chiefly due to the fact that the year under report being more favourable than the previous year, there was less necessity for cultivators to part with their property.

96. The total receipts and expenditure of the year amounted to Rs. 6,060 and Rs. 1,968 as against Rs. 5,555 and Rs. 1,538, respectively, in 1905, showing a surplus of Rs. 4,092 as against Rs. 4,018 in the preceding year.

(5) MUNICIPALITIES (YEAR ENDING THE 31ST MARCH 1907).

Ajmer Municipality  
(vide Tables 1-4,  
Serial Nos. 27 to 30).

97. The following changes took place in the constitution of the Committee.

Khan Bahadur Sheikh Mohamed Elahi Bakhsh, who was the oldest member of the Committee, and who served on it for over 30 years, died in January 1907. His place was filled by the election of Sheikh Abdulla.

Mr. F. Tebbs having left the station on transfer, and Mr. K. L. Paonasker having resigned his seat, Mr. O. K. D. Sidgwick, D.S.O., and Rao Sahib Munshi Harnam Das were appointed in their places.

98. The Committee held 24 meetings, of which 5 were special and 19 ordinary. The average attendance at each meeting was 3.53 and 15.28, respectively.

99. The total receipts of the year amounted to Rs. 2,56,148 as against Rs. 2,31,362 in 1905-1906, and the expenditure to Rs. 2,43,976 as against Rs. 2,13,723; but, excluding refunds, amounting to Rs. 30,130 and Rs. 41,580, the figures for the two years compare as below:—

	1905-1906.	1906-1907.	Difference.
	Rs.	Rs.	Rs.
Income . . . . .	2,01,232	2,14,568	+ 13,336
Expenditure . . . . .	1,83,593	2,02,896	+ 18,803

100. The year closed with a balance of Rs. 1,53,778.

101. The increased income was chiefly due to the enhanced revenue derived from Octroi and sale-proceeds of lands and to the refund of unexpended balance by the Executive Engineer, Ajmer Provincial Division, when the work of repairs to Municipal roads was taken over from that officer on the appointment of a qualified Overseer by the Committee.

102. The gross and net receipts from Octroi during the year 1906-1907 are compared below with those of 1905-1906:—

	Gross.	Net.
1905-1906 . . . . .	1,63,184	1,33,054
1906-1907 . . . . .	1,85,088	1,43,508
	<u>+ 21,904</u>	<u>+ 10,454</u>

The above table shows a net increase of Rs. 10,454. It is due partly to the revision of Octroi Schedule and partly to the year under report being a favourable one for marriages.

103. The income under the head "Sale-proceeds of lands" rose from Rs. 1,520 to Rs. 9,495, showing an increase of Rs. 7,975. This increase was due to the realisation of the balance of the purchase money of the eight plots of land opposite the old Rajputana-Malwa Railway Co-operative Stores in Kaiser Ganj during the year. The increase of Rs. 1,536 in the Conservancy fees was due to the realisation of arrears. The revenue derived from markets and slaughter-houses shows a decrease of Rs. 2,106. It is attributed to the absence of keen competition for leasing markets and to the outbreak of rinderpest among the animals in the district, the number of cattle brought for slaughter being consequently less.

104. The income under the head "Sales—Miscellaneous" fell from Rs. 36,751 to Rs. 29,359; the decrease of Rs. 7,392 was mainly due to the fact that owing to the insufficiency of water in the Foy Sagar Lake the Railway drew their supply from the Budha Pushkar Lake for about three months. The increase of Rs. 2,776 under the head "Advances" was due to large unexpended balances in connection with the repairs to Municipal suburban roads, which were under the supervision of the Executive Engineer, Ajmer Provincial

Division, having been returned by that officer when the work was taken over by the Municipality.

105. Expenditure rose from Rs. 2,13,723 to Rs. 2,43,977. The chief increases were under "Head office," "Octroi establishment," "Police," "Water-supply," "Public Works establishment," "Roads," "Public instruction" and "Advances."

106. The increase of Rs. 440 under the head "Head office" was due to the payment of arrears of the personal allowance of Rs. 30 per mensem granted to Mr. McKenzie, the Municipal Secretary, from 1st July 1905. The expenditure under the head "Octroi establishment" rose from Rs. 3,406 to Rs. 4,296. The increase of Rs. 890 was chiefly due to the establishment of six new Octroi outposts at the outskirts of the Municipality from the 1st October 1906, to the grant of a horse allowance of Rs. 20 per mensem to the Octroi Superintendent from the date the new outposts were opened, and also to the raising of the salaries of peons from Rs. 5 to Rs. 6 per mensem from the 1st July 1906.

107. The increase of Rs. 509 under the head "Police" was due to the supply of chicks, repairs to outposts, and to arrears of pay having been drawn during the year.

108. The expenditure under the head "Water-supply" rose from Rs. 18,254 to Rs. 35,656, showing an increase of Rs. 17,402. This increase was due to the strengthening of the Foy Sagar Dam at a cost of Rs. 14,735 and to the payment of Rs. 3,000 for preliminary surveys in connection with the scheme for the improvement of the water-supply.

109. The decrease of Rs. 5,081 under the head "Public gardens" was chiefly due to the fact that in 1905-1906 the grounds round the Jubilee Clock Tower and beneath the Magazine wall, from its east gate to the General Hospital, were improved and planted. No such expenditure was incurred during the year under report.

110. The expenditure under the head "Public Works establishment" shows an increase of Rs. 657. It is due to the appointment of a qualified Overseer on a salary of Rs. 80 per mensem with a horse allowance of Rs. 20 per mensem and to the entertainment of a clerk on Rs. 20 per mensem from the 15th September 1906.

111. The expenditure under the head "Public Works—Roads" amounted to Rs. 18,204 as against Rs. 15,342. The increase of Rs. 2,862 was due to paving of streets in the city at a cost of Rs. 2,568 and also to the payment of compensation for land taken up for widening streets in the city.

112. The increase of Rs. 2,841 under the head "Public Instruction" is chiefly due to laying out a play-ground in the compound of the Government College at a cost of Rs. 2,508 and to the extra grant-in-aid, amounting to Rs. 169, given to the Lower College and to repairs and whitewashing executed to the Lower College at a cost of Rs. 104. The percentage of expenditure on education was 3.11 on the net income of the Municipality as against 2.21 in 1905-1906.

113. A sum of Rs. 5,101 was paid during the year towards the repayment of Government loans and Rs. 9,545 on account of interest. The balance of the loan due by the Municipality to Government amounted to Rs. 1,89,768 at the end of the year.

114. Pumping from Foy Sagar had to be resorted to throughout the year at a cost of Rs. 9,518.

115. The water level of the Foy Sagar was 2.48 feet above the sill of the sluice on the 10th June 1906, and it rose to 10.10 feet on the 14th July 1906. It rose to its highest level, viz., 15.72 feet, on the 15th September 1906, after which the rains ceased and the level in the reservoir continued to fall.

116. The incidence of taxation rose from Rs. 1-12-9 to Rs. 1-15-1.

117. The number of recorded births rose from 1,729 to 1,878 and of deaths from 3,329 to 3,716. The birth and death rate per mille was 25.43 and 53.73 as against 23.41 and 45.08.

118. The increase in the death-rate was mainly due to the prevalence of fever and increased figures for bowel complaints. Forty-six cases of plague (all

imported) with 28 deaths were reported during the year as against 180 and 173 during 1905-1906.

119. The Civil Surgeon reports that the number of deaths exceeded the births during the year under report by 1,868. This record, which obtained in the rural area in the Ajmer district also, is somewhat remarkable, and is not re-assuring, were it not considerably discounted by the fact that the registration of births is still imperfect, whereas all deaths are known.

120. The total number of children vaccinated during the year was 2,693 as against 3,629 in 1905-1906. The percentage of success among primary and re-vaccinations was 99.35 and 88.14, respectively.

121. The objections and suggestions received to the revised Octroi Rules were considered by the Committee, and rules will shortly be submitted for the orders of the Hon'ble the Chief Commissioner. Sanction was received during the year to the rules relating to Municipal encamping grounds. The rules regarding the control of the Dhan Mandi market were also confirmed.

122. Certain amendments in the rules relating to Jharokas have been approved by the Committee and submitted to the Hon'ble the Chief Commissioner with the object of increasing the available air space in the city streets.

123. The Committee having engaged the services of a qualified Overseer, the suburban roads, which were for years under the supervision of the Executive Engineer, Ajmer Provincial Division, were taken over by the Municipality in September 1906.

124. In paragraph 69 of his Report the Chairman of the Ajmer Municipal Committee writes : “ \* \* \* \* ”

The question of abolishing the trenching grounds and adopting some other system and the connected question of improving the water-supply have for some time occupied the attention of the Committee. The complexity of the problem and the variety of opinions offered have prevented any definite and final scheme from being formulated, but it is hoped that this will soon be possible with the aid and advice of the Sanitary and Geological experts who, under orders of Government, recently visited Ajmer. Such large projects will presumably entail heavy expenditure, to be met by borrowing, and it is hoped by the assistance of the Imperial Government. In the meantime since the financial condition of the Municipality is fairly assured, and a considerable balance has been accumulated in the last few years, I think that various minor projects for improvements need not be delayed while the larger schemes are under consideration, and I should be glad to see several of these carried out at an early date, notably the amelioration of the Beawar, Srinagar, and Cutchery roads, and a better system of lighting both in the city and suburbs. An extension of the water mains on the Srinagar and Nasirabad roads and an increase in the number of public hydrants in the city are also needed. The demolition of the ruinous city wall and the insanitary hovels abutting on it between the Madar Gate and Ahata Mohalla, where a new road would be constructed, is a movement in the direction of a most necessary, if difficult, reform in the ventilation of the greatly overcrowded city. All these might well be carried out in the immediate future. Larger projects are the deepening of the Ana Sagar Lake, the restoration of the Bisla Tank, and the acquisition of the surrounding land for a public park and play-grounds for the city schools. These will not, I hope, be lost sight of in the future.”

125. The Chairman's remarks and aspirations as noted above undoubtedly deserve full consideration and sympathy and support.

126. In the carrying through of the really large schemes for improving sanitation and water-supply the Committee can, I think, fairly look to the Imperial Government for some financial assistance, and in respect to the water-supply, the Rajputana-Malwa Railway Workshops being deeply interested, the Railway should contribute its quota.

127. The lighting of the main thoroughfares leading to the railway station and of the streets in the suburbs and in the town itself is at present anything but creditable to a town which holds the position which Ajmer holds in the Rajputana Province. It should be a model in this respect to other towns in Rajputana. At present it is a model as to how the lighting of a town and suburbs should not be. The electric lighting of the main roads leading to the Railway Station can be effected at a small cost, and it has long been demanded; Kitson's lamps should be provided in suitable localities in the town, and the lighting of the suburban roads should be effectively improved.

128. The other matters mentioned by the Chairman in respect to the improvement of roads, and removal of hovels, and building of suitable houses and

shops on the main roads leading to the station should not be indefinitely postponed pending the carrying out of the large sanitary and water-supply schemes. The financial position of the Ajmer Municipality is secure, and the Municipality is in truth comparatively wealthy, and it can well afford to take up considerable loans, and at the same time to push forward the improvements which the Chairman has mentioned.

129. The Municipal Committee have not yet completed the register of Nazul properties under their charge.

130. Mr. C. W. Waddington, M.A., C.I.E., continued to hold the office of Chairman of the Municipal Committee throughout the year.

131. With a view to place all the Mills and Cotton presses on an equal footing the application of the Committee for the extension of the Municipal limits, so as to include the Edward Mill Company's premises and adjoining land in the event of possible further extensions being made by them, was sanctioned and objections were invited by the Hon'ble the Chief Commissioner. Beawar Municipality.

132. The constitution of the Committee remained unchanged, with the exception that owing to his transfer from Beawar the Reverend A. R. Low resigned his seat in February 1907.

133. The revised Octroi Schedule was sanctioned and brought into force from the 1st September 1906.

134. The total income and expenditure of the year were Rs. 69,266 and Rs. 63,539 as against Rs. 61,016 and Rs. 62,479, respectively, in the previous year.

135. The closing balance of the year was Rs. 32,447, exclusive of Rs. 10,000 invested in Government securities.

136. The increase of Rs. 8,250 in the income was due principally to Octroi, the gross receipts under which head amounted to Rs. 66,781 as against Rs. 58,310 in the previous year. This increase is attributed to the import of sugar, ghi, other articles of food, drugs, spices and gums, tobacco, etc., in large quantities owing to marriages and other feasts. There was also a very appreciable increase in the import of uncleaned cotton, the result of a good monsoon and a favourable market.

137. The net receipts from Octroi, after deducting refunds, amounting to Rs. 21,971, were Rs. 44,810 against Rs. 36,673 in the previous year.

138. The incidence of taxation rose from Rs. 1-12-1 to Rs. 1-13-5 per head.

139. The disbursements show an increase of Rs. 1,060 when compared with the previous year. The increase occurred chiefly under the following heads :—

- (i) Head office establishment on account of annual increments of the Secretary and staff.
- (ii) Conservancy on account of the purchase of iron for latrines and urinals and the sanctioned increments of the staff.
- (iii) Gardens on account of purchase of fodder, the construction of a tennis court and the purchase of benches and plants.
- (iv) Fair charges on account of the Toja fair having not been held in 1905 on account of famine.

140. It has been decided to replace all public masonry latrines and urinals by movable iron ones, which are reported to be appreciated by the towns people. As regards private, privies, it is satisfactory to note that the Chairman reports that no opportunity is lost in getting them re-built and remodelled on sanitary plans.

141. Under the head water-supply Rs. 960 were expended on deepening and cleaning Municipal wells, and a sum of Rs. 103 was advanced to the Executive Engineer, Ajmer Provincial Division, in connection with the proposed Beawar Water-works scheme of wells below the Jalia and Makrera tanks which the Committee have taken into consideration with a view to provide a constant supply of good and wholesome water. It is hoped that the scheme may prove successful, and that a good deal may be done towards its achievements during the current year.

142. The number of births recorded fell from 977 to 886, while the number of deaths rose from 927 to 980. In Beawar town, as in the case of Ajmer, the deaths (980) during the year under report exceeded the births (886) by 94. The explanation is the same as that recorded for Ajmer.

143. Plans and estimates for a Municipal Town Office are in course of preparation. It is hoped that the construction of the building may be taken in hand during the current year.

Kekri Municipality. 144. There was no change in the constitution of the Committee, except that Hospital Assistant Jagan Nath Pershad succeeded Hospital Assistant Debi Pershad, who was transferred from Kekri.

145. The net income, excluding opening balance, amounted to Rs. 9,277 against Rs. 8,831 in the previous year.

146. The increase in income is principally due to increase of Octroi receipts, which shows an increase of Rs. 564. The causes of increase were the celebration of a large number of marriage and funeral feasts and the consequent larger import of sugar and gur and the revision of the Octroi Schedule, which came into force with effect from the 1st August 1906.

147. The expenditure amounted to Rs. 9,838 against Rs. 9,656 in the previous year. The main increase was under the heads of Conservancy and General Miscellaneous.

148. The incidence of Octroi taxation calculated on the census figures of 1901 was Rs. 1-1-8 per head as against Rs. 1-0-5 in 1905-1906.

149. The numbers of births and deaths registered during the year were 202 and 281 as against 203 and 254, respectively, during the year 1905-1906.

## SECTION IV.

## PRODUCTION AND DISTRIBUTION.

150. *Ajmer*.—In consequence of insufficient supply of water in tanks and Agricultural wells owing to deficient rainfall of 1905, the Rabi harvest for 1905-1906, the summary. collections on account of which were made in 1906-1907, was very poor. The Kharif harvest of 1905-1906 was good, except in 14 villages of the Gangwana Circle, where the outturn was poor. In the Kekri Circle the outturn was estimated at 10 annas in the rupee, while in the Khalsa villages of the Ajmer Tehsil it was 13·5 annas in the rupee.

151. The area sown for the Rabi of 1905-1906 was 16,553 acres, of which 1,181 acres failed. The outturn was estimated at 195,979 maunds. The area under cultivation for the Kharif of 1906-1907 was 1,28,727 acres, of which 13,022 acres failed. The outturn was estimated at 5,69,305 maunds.

152. The actual collections on account of these two harvests amounted to Rs. 2,08,459. The realizations of revenue suspended in previous years amounted to Rs. 33,614. The total collections during the year came to Rs. 2,42,073. A sum of Rs. 199 was remitted. The amount of revenue outstanding at the close of the year was Rs. 86,982.

153. A sum of Rs. 13,508 was advanced under the Land Improvement Loans Act and Rs. 75,619 under the Agriculturists Loans Act during the year under report. The recovery under both Acts amounted to Rs. 26,062, which includes Rs. 2,173 on account of interest. The amount outstanding under both Acts on the 31st March 1907 was Rs. 1,65,573.

154. *Merwara*.—The Rabi harvest of 1905-1906 was very poor owing to deficiency of rainfall in 1905. The Kharif crop of 1906-1907 yielded a good outturn estimated at 14·5 annas in the rupee.

155. The area sown for the Rabi of 1905-1906 was 13,225 acres, of which 2,909 acres failed. The outturn was estimated at 74,936 maunds. In the Kharif harvest of 1906-1907, 63,329 acres of land were brought under cultivation, of which 12,816 acres failed. The outturn was estimated at 2,21,722 maunds.

156. The collection of revenue on account of these two harvests amounted to Rs. 82,956. A sum of Rs. 5,688 was realized on account of arrears of previous years. The total collections amounted to Rs. 88,644. The amount of revenue outstanding at the close of the year was Rs. 58,173, of which a sum of Rs. 49,706 was suspended.

157. A sum of Rs. 1,280 was advanced under the Land Improvement Loans Act and Rs. 57,763 under the Agriculturists Loans Act during the year under report. The realizations under both Acts amounted to Rs. 20,783, including Rs. 2,952 on account of interest. The amount outstanding under both Acts on the 31st March 1907 was Rs. 2,27,576.

158. During the year under report three prospecting licenses were granted Mines. in the Merwara district—one to Khan Babadur Haji Sajan Lalji of Secunderabad, to prospect for mica in the village of Kalatan Khera in the Beawar Tehsil, and the other two to Rai Bahadur Seth Champalal Ram Sarup of Beawar, both to prospect for mica in the Beawar tehsil.

159. In the Ajmer District two licenses to prospect for mica in the village of Tilana were granted, both to Abdul Tawab Khan at Nasirabad.

160. In the Istimrari area nine\* mining contracts were sanctioned, the Salari. Government share being fixed at one anna in the rupee on the net profits of the Kedah. Istimrardars. Para. Tantofi Baori. Pranhera. Deolia. Padlia. Baghera.

## Trade.

161. The returns of the Rajputana-Malwa Railway for the calendar year 1906 show an increase in the number of passengers booked from stations in Ajmer-Merwara from 849,336 to 901,825.

162. The grain trade of the two most important local trade centres for the year under report and the previous year is given below :—

*Ajmer.*—Imports in 1905, 16,495 tons, exports 382 tons; balance of imports 16,113 tons. Imports in 1906, 17,602 tons, exports 581 tons, balance of imports 17,021 tons.

*Beawar.*—Imports in 1905, 15,491 tons, exports 2,122 tons; balance of imports 13,369 tons. Imports in 1906, 22,572 tons, exports 4,839; balance of imports 17,733. Imports of cotton at Beawar fell from 2,962 tons to 2,515 tons during the year under report.

## Public Works.

163. During the year Rs. 3,37,035 were spent through the Public Works Department on the construction and repair of buildings and communications. The total expenditure on works and repairs in Ajmer-Merwara amounted to Rs. 2,51,557 against Rs. 1,31,935 in 1905-1906. The most important buildings, the construction of which was completed during the year, were the additional barracks for the Central Jail at Ajmer, the conversion of the tehsil buildings into a museum, and the additions to the Branch School at Ajmer. The only important buildings under construction are the restoration of the Badshahi buildings at Ajmer and the expansion of the Mayo College main building. The expenditure on the latter during the year amounted to Rs. 40,575. In a number of Police Sub-divisions, Police family quarters were built, and numerous other works and additions to existing buildings were completed during the year.

164. The expenditure on "Communications" amounted to Rs. 63,799, of which Rs. 62,732 were spent on the construction of the Martindale over-bridge to the railway crossing at Ajmer. No new road was constructed during the year.

## Water-supply of Ajmer.

165. In view of the water-supply of Ajmer town being barely sufficient for the town and the Railway workshops and possibly quite insufficient in a year of anything like short rainfall, with the possibility that the Railway workshops might be removed, the question of finding an auxiliary water-supply in the neighbourhood of Ajmer was taken in hand in December 1906. Mr. Vredenburg of the Geological Department visited Ajmer in April 1907, and reported on the geological conditions of the country in the neighbourhood of Ajmer. He decided that the geological features are such as to permit no hope of artesian wells, and he agreed in the suggestion that water should be found in the Sarsuti and Sagarmati river beds, which lie a few miles distant to the north and south-west of the town. Since then Mr. Silk visited Ajmer in May 1907. He added certain suggestions in respect to the procedure to be adopted for the water survey of the Sarsuti and Sagarmati river-beds. Water has been found at Masina in the Sagarmati and at Galti in the Sarsuti valley in promising quantities. It is hoped that it may be possible to complete a scheme for bringing water from Galti some  $2\frac{1}{2}$  miles to the pumps at Budha Pushkar. The Ajmer Municipality has advanced a sum of about Rs. 57,000 for the immediate financing of this scheme. Ultimately the cost should be shared by Government, the scheme being undoubtedly one of Imperial interest.

Arboriculture.  
Roadside tree  
plantation.

166. At the beginning of the year the total length of the roads with avenues (Imperial and District Funds) was 31 miles 5 furlongs. During the year under report one mile of the District Fund roads was planted with young trees, thereby making a total length of 32 miles and 5 furlongs of avenue roads, both Imperial and District Funds. The number of trees planted to fill up the blanks amounted to 758. The number of nurseries maintained during the year was the same as in past year, *viz.*, three. The total cost of planting and maintaining the trees on both Imperial and District Fund roads amounted to Rs. 2,212 as against Rs. 3,072 in the previous year. The expenditure on Imperial roads was Rs. 1,230, and on District Fund roads Rs. 1,012. The income derived by the sale of dry wood, Babul pods, etc., amounted to Rs. 271. The progress in the extension of roadside trees was only one mile in Merwara, and nothing in Ajmer, during the year under report. This is not satisfactory, and it was due, it would seem, to the stock of plants maintained, ready in the nurseries, being insufficient. This matter has been looked to.

167. The number of rain-gauges was the same, viz., 56, as in the year 1905-1906. No new rain-gauge was opened during the year 1906-1907. All the rain-gauges were inspected from time to time by the District Officers and Inspection of rain-gauges. found to be efficient, with the exception of the rain-gauge at Masuda, which is being put in proper order.

## SECTION V.

## REVENUE AND FINANCE.

## A.—IMPERIAL.

## (1) LAND AND WATER REVENUE.

Character of the season.  
Vide  
*appended  
Statements  
Nos. 31 and  
32.*

168. The average rainfall of the district during 1906-1907 was 22 inches as against the normal fall of 21 inches. A statement showing the total rainfall of the district is appended. The Rabi harvest, which was dependent on the rainfall of 1905, was very poor owing to insufficiency of water in tanks and wells for irrigation purposes. Owing to the favourable character of the rainfall during the year 1906 the Kharif crops yielded a good outturn.

Recovery of revenue.

169. The recovery of a sum of Rs. 73,232 on account of land revenue for the year 1906-1907 was suspended in the Ajmer district and of Rs. 58,128 in the Merwara district during the year. A sum of Rs. 199 for the Rabi, the demand of which was payable on 15th June 1906, and a sum of Rs. 41,316 on account of arrears of previous years were remitted in the Ajmer district during the year under report. The collections of the year were as follows:—

	Rs.
Arrears . . . . .	39,302
Revenue of the year . . . . .	2,91,415
<b>TOTAL</b>	<b>3,30,717</b>

Prices.

170. The retail prices of the principal food-grains in April 1906 were dearer than the normal, but after the rainfall in July 1906 prices cheapened. The prices of the staple food-grains that were prevalent in the months of September October and November 1906 were between 16 and 18 seers per rupee in the Ajmer district and from 15 to 19 seers in the Merwara district.

Taccavi Loans.  
Vide

171. The table below shows the Taccavi account during the year 1906-1907:—

	Outstanding at the beginning of the year.	DURING YEAR.			Outstanding at the close of the year.
		Advanced.	Collected.	Remitted.	
	Rs.	Rs.	Rs.	Rs.	Rs.
Under the Land Improvement Loans Act, XIX of 1883.	1,50,754	14,788	6,282	...	1,59,260
Under the Agriculturists Loans Act, XII of 1884.	1,35,944	1,33,382	35,438	...	2,33,888
<b>TOTAL</b>	<b>2,86,698</b>	<b>1,48,170</b>	<b>41,720</b>	<b>...</b>	<b>3,93,148</b>

Cattle.

Taccavi statements Nos. I, II and III are appended.

172. The number of cattle in Ajmer-Merwara during the three years is shown in the following table:—

	1904-1905.	1905-1906.	1906-1907.
Cows and bullocks . . . . .	128,149	112,336	126,869
Buffaloes . . . . .	15,037	13,177	13,157
Sheep and goats . . . . .	318,889	276,514	258,326

173. The increase in the number of cows and bullocks is due to the return of cattle from Malwa and other places whither they had gone during the previous year on account of the scarcity of fodder.

174. The boundary marks were inspected by Revenue officials, and steps were taken to put them in repair when they were found in a delapidated condition. A recommendation has been submitted to the Hon'ble the Chief Commissioner for the appointment of the Assistant Commissioner, Merwara, for the settlement of the longstanding boundary dispute between Gudhakalan (Ajmer) and Dhanope (Shahpura). The boundary dispute between Lussani (Mewar) and Thikarwas (Merwara) is pending with the Assistant Commissioner, Merwara, while the cases noted below have been made over to the Settlement Officer.

(i) Saroth (Merwara) *vs.* Sitla-ka-Chaura (Mewar).

(ii) Jatli (Ajmer) *vs.* Brij Bai (Kishengarh).

175. The boundary dispute between Mewar and Barli was decided by the Assistant Commissioner, Merwara, but the Mewar Darbar presented an appeal to the Hon'ble the Agent to the Governor-General, Rajputana, who has called for further information on certain points in the case.

176. The Beawar and Todgarh tehsils were inspected by the Assistant Commissioner, Merwara, and the Todgarh tehsil was inspected by the Commissioner during the year. The results of the inspection were on the whole satisfactory.

177. The Patwari Instructor continued to do famine duty during the earlier part of the year, and then his services were placed at the disposal of the Settlement Officer. There was consequently no Patwari class. All the unpassed Patwaris and Naib-Patwaris were employed in connection with the survey and settlement operations.

178. For the recovery of land and water revenue and Taccavi 205 writs, Processes, 45 warrants of arrest and 34 warrants of attachment of movable property were issued in the Ajmer district. Twenty-five persons were imprisoned in default of payment.

179. The revenue business statement shows that during the year 3,155 cases were disposed of as against 3,692 in the preceding year in the Ajmer district and 10,120 cases as against 9,631 in the previous year in the Merwara district.

180. Certain pieces of land measuring in all 107 bighas and  $4\frac{1}{2}$  biswas were taken up in the Ajmer district for roads, railway purposes and miscellaneous works. In the Merwara district a piece of land measuring 5 biswas was taken up in connection with the construction of a road. No compensation has yet been paid for any of these lands.

181. No suits were instituted by or against Government during the year.

Government suits.

## (2) OPIUM, EXCISE AND DRUGS.

182. The gross receipts from Excise amounted to Rs. 1,70,750 against Rs. 1,54,354 in the previous year. The receipts under the head "Country spirits" amounted to Rs. 1,24,286, showing an increase of Rs. 50,266 over the annual minimum guarantee of Rs. 74,000. When compared with the previous year's income, the receipt from country spirits shows an increase of Rs. 19,598, which is attributed to the improvement in the condition of the labouring classes consequent on a good season and to more efficient supervision over the liquor shops.

183. The total sales of country liquor were greater by 10,544 gallons as compared with the consumption of the previous year. The average selling price of country liquor was Rs. 0-1-2 $\frac{1}{2}$  per dram, or Rs. 3-11-8 per gallon.

184. Rules regulating the grant of licenses to the fifteen Tazimi Istimrardars in the Ajmer district permitting private distillation were issued during the year.

185. In Ajmer-Merwara the district monopoly system has hitherto prevailed. Under the orders of the Government it is to be replaced by the contract system in vogue in the Madras Presidency. Steps are being taken to introduce the new system with effect from the 1st April 1905.

185A. Rules were passed during the year under report to regulate the sale of medicated wines, but their consumption in these districts is very limited.

Action taken in pursuance of the instructions and suggestions in letter No. 2455-S.R., dated the 21st April 1904, from the Government of India in the Department of Finance and Commerce.

186. The conditions in Ajmer-Merwara differ considerably from those in Bengal, as there the individual shops are put to sale separately, while here the whole of the country spirit monopoly is in the hands of one farmer, with the result that the number of shops in Ajmer-Merwara has practically remained stationary for years, and consequently it was not considered necessary to take any steps to adopt the Bengal rules in regard to the location of liquor shops in Ajmer-Merwara. It was not thought desirable to relinquish the practice by which a few temporary liquor shops are allowed during the annual Pushkar fair, as the local detective establishment is not strong, and illicit traffic across the Marwar border, which is only two miles distant, would be the inevitable consequence. The number of temporary shops allowed during the year under report remained the same as in the preceding year, namely, two.

187. Facilities do not at present exist for private drinking in licensed liquor shops in Ajmer-Merwara, and no prohibitory rules in that respect appear therefore to be required at present.

#### Opium.

188. During the year 637½ chests of opium were brought to the scales at Ajmer. Of these, 632 chests were exported to the Punjab and 5½ chests to the North-West Frontier Province. No opium was brought to the Ajmer scales during the year for export to Bombay. The total amount of duty levied was Rs. 1,78,500 against Rs. 1,23,040 in the previous year. The revenue from "License fees" for the right of retail vend of opium amounted to Rs. 18,748 as against Rs. 16,256 in the preceding year. The increase was wholly in the Municipal area. The retail vend licenses granted in the rural areas numbered 40. The number of licenses issued for the cultivation of poppy was 2 in Ajmer and 1,213 in Merwara as against 3 and 24, respectively, during 1905-1906. The large increase in Merwara was due to good rains during the year. The area under poppy cultivation was 1,902 bighas, and the yield is estimated at 150 maunds and 3 seers. One maund 17 seers of opium being the produce of 1905-1906, was brought to the scales during the year under report, on which the excise duty levied amounted to Rs. 228. The representations made by cultivators in the Merwara district in respect to the heaviness of the excise duty are under consideration.

189. Rules to regulate the sale of Morphia were passed during the year, but its consumption in these districts is very limited.

#### Drugs.

190. The import duty on hemp drugs and the warehouse fees rose from Rs. 4,649 in 1905-1906 to Rs. 5,374 in 1906-1907. The increase is attributed to the enhancement of the rate of duty on import of Charas from Rs. 6 to Rs. 8 per seer from the beginning of the year under report. The contractors availed themselves of the opportunity by importing large quantities before that date. The receipts from license fees rose from Rs. 10,860 to Rs. 11,160. The increase is attributed to competition among the bidders.

191. The Excise Act, XII of 1896, which was amended during the year, has enabled the Local Government to declare Cocaine as "intoxicating drug." Rules have been framed restricting the import and sale of Cocaine to medical profession only. After the rules were put into force, three persons were prosecuted for possession of the drug, of whom two were convicted and one discharged.

#### Prosecutions.

192. During the year under report there were 29 prosecutions and 25 convictions under the Excise Act, and 32 prosecutions and 30 convictions under the Opium Act. One person was prosecuted and convicted for illicit possession of Chandu. The number of dens at the close of the year was 12 as against 13 at the close of 1905-1906.

#### Staff.

193. The expenditure on the Excise establishment amounted to Rs. 11,317. The whole of the Excise preventive establishment performed their duties satisfactorily.

#### (3) STAMPS.

(Fide Statement, Serial No. 41.)

194. The gross receipts from stamps amounted to Rs. 1,36,484 against Rs. 1,34,406 in the year 1905-1906. The receipts from Judicial stamps were Rs. 93,610 as against Rs. 76,585 in the previous year, an increase of Rs. 17,025. This is due to an increase in litigation, both civil and revenue.

caused by the favourable reason during the year under report. The income from the sale of non-judicial stamps amounted to Rs. 42,874 as against Rs. 57,821. The sale of Bill (Hundi) stamps amounted to Rs. 5,876 as compared with Rs. 3,493 during the previous year. The increase is apparently due to heavy remittances which had to be made by traders by means of Hundis to commercial centres. The revenue from the sales of impressed stamps shows a decrease of Rs. 3,712 as compared with the receipts of the previous year.

195. No case of wilful breach of the stamp rules was detected during the year.

196. The uncollected balance of the stamp duty in pauper suits at the close of the previous year was Rs. 4-8-0, which was not recovered during the year 1906-1907. A sum of Rs. 215 fell due during the year under report, at the close of which the amount outstanding was Rs. 219-8-0.

197. The number of stamp vendors was 22 as against 24 in the previous year. The discount paid amounted to Rs. 2,666 as against Rs. 3,258 in 1905-1906.

198. The total charges in connection with the working of the Stamp Department amounted during the year under report to Rs. 17,442 as against Rs. 17,828 in the previous year.

#### (4) INCOME TAX.

199. The number of persons assessed rose from 630 to 668, while the amount of demand increased from Rs. 54,923 to Rs. 58,313. The increase of Rs. 3,390 is attributable partly to the entertainment of additional temporary establishment owing to famine and partly to the fact that many Political Officers in Rajputana drew large arrears of pay on the reorganisation of the Political Department. It was also due to the large sales of cloth by the Krishna Mills Company, Limited, Beawar, and to the increased number of bales pressed at the cotton presses at Beawar during the year under report.

200. Out of the total demand a sum of Rs. 20 was outstanding at the close of the year, but it has since been recovered.

201. The number of persons on whom penalty was inflicted for non-payment of tax in due time was only one. There were no prosecutions during the year, and care was taken to avoid the use of coercive measures.

202. The number of objections was the same as in the previous year, viz., 83.

203. The number of revision petitions preferred by assesseees to the Commissioner under section 27 of the Income Tax Act was 9 as against 12 in 1905-1906.

204. The gross collections amounted to Rs. 58,413 against Rs. 55,849 in the previous year.

### B.—REVENUE AND FINANCE OTHER THAN IMPERIAL.

205. The year opened with a balance in hand of Rs. 7,726. Receipts District Fund amounted to Rs. 47,079, and the expenditure to Rs. 29,190, leaving a balance of (excluding District Rs. 17,889. This sum with the opening balance amounted to Rs. 25,615 at the close of the year. (excluding District Rs. 17,889. This sum with the opening balance amounted to Rs. 25,615 at the close of the year. (Fide Tables I to III, Serial Nos. 13 to 45.)

206. Compared with the figures of the previous year the receipts show an increase of Rs. 26,447. This increase is attributed to the following causes:—

(a) The recovery of the arrears of cesses in addition to the usual demand of the year 1906-1907.

(b) The grant of a sum of Rs. 10,000 by the Government of India in aid of the resources of the District Fund (vide Government of India letter No. 4006-I.A., dated the 25th September 1906, in the Foreign Department).

207. The expenditure fell from Rs. 33,364 in 1905-1906 to Rs. 29,170, showing a decrease of Rs. 4,174.

208. The decrease occurred chiefly under "Public Works charges," and is due to the fact that a very small amount was required for completion of the Dak

Bungalows at Kekri and Taragarh, and that the repairs of the District Fund roads in the Ajmer district was limited during the year under report owing to the sanction of the Government contribution having been received late.

NOTE.—The expenditure of the Board for 1905-1906 as printed in the printed report for that year was Rs. 33,309, but these figures were raised to Rs. 33,364 in consequence of subsequent adjustment by that Comptroller, India Treasuries, Calcutta.

209. Munshi Abbas Ali Khan, Itenerant Veterinary Assistant, continued to do good and useful work.

Dispensary Fund.

210. The gross receipts amounted to Rs. 8,399 as against Rs. 6,209 in 1905-1906, showing an increase of Rs. 2,190. The increase is chiefly due to the recovery of arrears of subscriptions during the year and also to an increase of Rs. 250 in the annual grant from the District Fund.

211. The expenditure rose from Rs. 6,758 in 1905-1906 to Rs. 6,923. The excess is due to increase in dieting charges and also to the grant of increment in the pay of establishment on the revised scale. The year closed with a cash balance of Rs. 4,895.

212. The Victoria Hospital at Ajmer has lately been much improved in respect to its resources and equipment. Its financial position is not yet able to satisfy all requirements.

213. The financial condition of all the dispensaries is good, with the exception of that at Todgarh, for the improvement of which steps have been taken.

Victoria Memorial Fund.

214. The receipts amounted to Rs. 624 and the expenditure to Rs. 1,012. This amount was spent in flooring, painting, etc., of the operation room of the Ajmer Victoria Hospital.

215. Excluding the sum of Rs. 15,500 invested in Government securities, the cash balance at the close of the year was Rs. 726.

Pound Fund.

216. The income of the year was Rs. 1,956 as against Rs. 1,991 in 1905-1906. The expenditure rose from Rs. 1,365 in 1905-1906 to Rs. 1,656 in the year under report, showing an increase of Rs. 291. This increase is due to the fact that a sum of Rs. 600 was transferred to the District Board from the surplus receipts of the pounds in the Ajmer district as against Rs. 300 in the preceding year.

The balance at the close of the year was Rs. 2,097 against Rs. 1,798 at end of 1905-1906. The general working of the pounds was satisfactory.

Chaukidari Fund.

217. The receipts amounted to Rs. 15,612 against Rs. 5,172 in 1905-1906, showing an increase of Rs. 10,440 over the past year's income. This increase is due to the recovery of arrears of cess, the collection of which was suspended during the year 1905-1906 owing to scarcity. The expenditure was Rs. 10,908 as compared with Rs. 12,671 in the preceding year. The decrease of Rs. 1,763 is due to the fact that winter uniforms to Chaukidars were not supplied in the year under report. These uniforms are issued every alternate year. The balance at the close of the year was Rs. 10,092, exclusive of Rs. 5,000 in Government securities.

Police Clothing Fund.

218. The receipts amounted to Rs. 8,274 as against Rs. 7,348 in 1905-1906, showing an increase of Rs. 926. This increase was due to recoveries of the cost of grass supplied to Police Sawars during the famine of 1905-1906.

The expenditure fell from Rs. 12,292 in 1905-1906 to Rs. 5,891 during the year under report. The large decrease was due to the fact that winter uniforms were not supplied in the year 1906-1907 as they are issued every alternate year. They were supplied in the year 1905-1906.

Police Chanda Fund.

219. The receipts rose from Rs. 1,123 in 1905-1906 to Rs. 1,435; the increase was due to non-payment of horse allowances to a few Sawars who were without remounts for a period during the year 1906-1907. The expenditure amounted to Rs. 1,304 against Rs. 1,276 in 1905-1906.

Nasirabad Cantonment Fund.

220. The receipts amounted to Rs. 50,382 as compared with Rs. 51,316 in 1905-1906, showing a decrease of Rs. 934, which is mainly the outcome of

fluctuations in receipts under the heads shown in the margin. The receipts of the year 1905-1906 were supplemented by Rs. 3,557 on account of refund of Police advances, which is a non-recurring item. Imports in food-grains in the year 1906-1907 were not so large as they were in 1905-1906 owing to scarcity —this accounts for a decrease in the receipts under the head "Octroi." The year 1906-1907 being more favourable in respect of rainfall than the one preceding it, the receipts on account of "Land revenue" and "Sale of grass" were larger than those in 1905-1906.

221. The total expenditure amounted to Rs. 48,064 against Rs. 48,334 in 1905-1906. The closing balance of the fund was Rs. 11,879 against Rs. 9,510 in 1905-1906.

## SECTION VI.

## PUBLIC INSTRUCTION.

*Year ending 31st March 1907.*

222. The number of public educational institutions increased from 66 to 72.

(*Vide* appended  
Tables 1 to 7, Serial  
Nos. 46 to 52.)

There were at the close of the year 163 educational institutions of all classes, of which 72 were public and 91 private institutions. The total number of scholars was 9,230 against 9,425 in the previous year. The decrease was chiefly in private institutions. The scholars at public institutions numbered 5,601 and at private institutions 3,629. The percentage of the population of school-going age receiving instruction was 12.90.

223. The average number on the rolls and the average daily attendance of institutions maintained by the department were 2,490 and 1,655, respectively, as against 3,545 and 2,495 in 1905-1906. The decrease was due to the effects of severe scarcity of the preceding year.

The total expenditure on public instruction amounted to Rs. 1,09,438. Imperial revenues provided Rs. 50,815, local cesses Rs. 6,510, Municipal funds Rs. 16,693, fees Rs. 17,795 and other sources Rs. 17,625.

Collegiate education cost Rs. 31,228, and school education Rs. 55,053. Rupees 1,452 were spent on schools for special instruction, and Rs. 12,637 on buildings.

The Government  
College  
Schools.

224. The following changes took place in the staff during the year under and report :—

Mr. F. L. Reid, Principal of the College, retired with effect from the 22nd April 1906.

Mr. E. F. Harris, Vice-Principal, was confirmed as Principal, and Babu Binodi Lal Mukerjee, M.A., continued to officiate as Vice-Principal of the College till the close of the year.

Mr. Kanhaya Lal Verma, M.A., who officiated as Professor of Mathematics till the 16th January 1907, was transferred to the Daly College.

Mr. Bhura Lal Hiran, M.A., 2nd Master, remained on leave up to the 12th September 1906, and then his services were transferred to the United Provinces.

225. The number of students in the College classes at the end of the year was 66 and in the school 275 as against 80 and 223, respectively, in 1905-1906. The result of the Intermediate Examination was not so satisfactory as that of the previous year. Out of 36 candidates, only 14 passed. The result of the Entrance and School Final Examinations, however, was good, 28 candidates out of 35 having passed. Out of six candidates only one passed the B. A. Examination. In the middle class Anglo Vernacular Examination held at Ajmer in April 1907, 88 passed out of 176 candidates.

226. There are three boarding-houses attached to the College, in which 88 students as in the preceding year were accommodated. The Principal of the College represents that there is a need for additional boarding-houses.

Lower College.

227. There were 551 boys on the rolls of the Lower College at the close of the year. The average daily attendance was 426. The reorganisation of the Lower College staff was sanctioned during the year.

Aided Schools.

228. The number of aided schools rose from 5 to 7. These schools had on their rolls 1,468 pupils, and were well reported on.

229. The number of village schools rose from 49 to 50 as shown below :— Village Schools.

Secondary . . . . .	8	8
Primary . . . . .	41	42
TOTAL . . . . .	<u>49</u>	<u>50</u>

230. From the secondary schools 18 candidates appeared for the Vernacular Final Examination, of whom 11 passed. The teachers of the village schools are reported to have done their work satisfactorily. Of the 42 primary schools, 14 are classed as good, 20 fair and 8 as bad. Of the 8 secondary schools, 5 are classed as good and 3 fair. The average daily attendance in the village schools fell from 2,185 in 1905-1906 to 2,053 in the year under report. The total expenditure on the village schools amounted to Rs. 28,921, of which Rs. 12,725 was provided from Imperial funds, Rs. 12,530 from Municipal and District funds, Rs. 1,598 from fees, Rs. 1,905 from Mission fund and Rs. 163 from other sources.

231. The usual annual Rajputana School Tournament was held in March Physical 1907, at which 29 schools from Rajputana and Ajmer-Merwara were represented. training. The number of competitors in the various sports was 408.

232. A new play-ground has been added to the boarding-houses at the Government College, Ajmer, and the Principal reports that the masters join more freely than before with students in school games.

## SECTION VII.

## GENERAL MISCELLANEOUS.

Fairs.

233. The annual fair at Pushkar was held between the 28th October and the 2nd November 1906. Precautionary measures were taken to guard against the introduction of plague by placing restriction on the issue of railway tickets to persons from infected areas. The same rules as were observed in previous years were adopted in regard to the sanitation of the Pushkar village and the medical inspection and supervision of the pilgrims.

234. A horse show and cattle fair formed a prominent part of the programme of the fair as usual. There were about 24,000 pilgrims. This small attendance was due to the restrictions imposed on the sale of railway tickets from plague-infected areas.

235. The Police arrangement was good, and no serious crime was reported during the fair. The sanitary arrangements were satisfactory, and there was no epidemic disease of any kind.

236. Rinderpest was prevalent amongst cattle at the time. Care was taken that no animal suffering from the disease should be allowed at the fair. It is satisfactory to note that, notwithstanding the small attendance, the number of horses and other animals brought to the fair was large. A good number of them was sold, and fair prices obtained for them.

237. The annual Urs Fair in connection with the Shrine of the Durgah Khwaja Sahib was held between the 21st and 27th August 1906. To guard against the outbreak of any epidemic disease precautionary measures similar to those adopted at the Pushkar Fair were taken: some 200,000 pilgrims are said to have attended the fair. No serious crime was reported, and the Police and other arrangements appear to have been in every way satisfactory.

238. The Tejaji Fair at Beawar was held from the 28th to 30th August 1906. About 8,000 people attended the fair, which is a purely local gathering. This number is small as compared to an ordinary year. The decrease was due to the failure of the harvests.

239. The Tejaji Fair at Kekri was held between the 27th to 29th August 1906. The gathering was larger than the average. The fair was not held during the two previous years owing to plague and scarcity.

Presses.

(Vide Table No. I,  
Serial No. 53.)

240. The number of Presses in Ajmer-Merwara remained the same as in the previous year, *viz.*, 13. Seven newspapers and periodicals, all of them in the vernacular, were issued from these Presses.

241. One newspaper named "*Al-Moinia*" and one periodical named "*Sama-lochak*" were discontinued during the year 1906. One new magazine named "*Indian Standard*" was started from the Mission Press.

242. One book in English, two in Latin, and eleven in Indian languages were published during the year.

Bhumias.

243. The Bhumias of the Ajmer District were, as usual, received by the Assistant Commissioner, Ajmer, on the 26th June 1906, the birthday of His Majesty the King Emperor. The total demand of Nazarana was Rs. 3,961, out of which a sum of Rs. 3,726 has been recovered, while the balance, Rs. 235, is in train of liquidation.

## TREASURE TROVE.

Treasure Trove  
coins for the year  
ending on the 31st  
March, 1907.

244. In the Ajmer district no treasure was found during the year 1906-1907.

245. In the Merwara district five silver and three copper coins were found by some workers on the Bhim-Todgarh famine relief work, and were sent to the

Honorary Numismatist Asiatic Society of Bengal for examination and report. On examination the silver coins were found to be Gadhia Paisa of the common type, while the copper ones were Indo-Sassanian. As these coins were not required for distribution to other cabinets, they have been retained for the Ajmer Museum.

246. As the value of the coins was below Rs. 10, and there was no claimant for them, no proceedings for their acquisition under the Treasure Trove Act (VI of 1878) were adopted.

TOTAL . . . . .	5,591	5,021	5,032	7,452	2,137	4,69	15	191	

NOTES.—Column 1.—(1) "Attempts" should be entered immediately after the offences to which they relate.

(2) "Abetments" should be included with the substantive offences abetted.

(3) When giving the list of special and local laws against which offences have been committed, care should be taken to specify the title of each Act quoted, as well as its number and year. An Act of a local legislature should be distinguished by initial letters placed after the number of the Act.

Column 2.—All offences (cases) of which information was given, complaint made, or cognizance taken under Chapters IV, V, XIV, XVI, C. P. C., for the first time during the year, are to be shown, although some of the charges may not have been prosecuted, or may have turned out to be false.

Column 3.—This column should be the total of column 2, less the number of cases dismissed under section 203, C. P. C., and less all other cases in which a Magistrate declared that the charge was false, and that the offence never occurred, or which were dismissed as frivolous and vexatious, and in which the complainant was fined under section 250, C. P. C.

Column 5.—This column should be the total of columns 6 to 9, plus column 9 of previous year's statement.

Column 8.—Persons transferred from one court to another in the same Province are not to be entered in this column.

Column 9.—A note should be added in the column of remarks showing respectively the number of persons who died, escaped or were transferred.

General.—Cases committed or referred should not be included in this statement by the committing or referring Magistrates. The results of the trials in these cases should be shown by the Courts to which the cases are committed or referred. If the total of column 13 of Statement 4 be deducted from the total of column 2 of that Statement, the difference should correspond with the total of column 5 of this statement.

NOTES.—Column 1, Sub-head "Court of Sessions."—Includes cases decided by Sessions Judges on reference under section 193, C. P. C.  
 Column 2, Sub-head "Superior Courts."—Includes cases decided by the High Courts on reference under sections 307 and 374, C. P. C.  
 Column 3.—That is, the total of the entries in columns 3 to 14. The cases of persons transferred from one Court to another in the same province will appear only against the Court by which decided, or in which pending at the end of the year if not decided.

Column 4.—A note against the figure for each Court should be made in the column of remarks showing separately how many accused persons were transferred to other provinces.  
 Columns 5 and 6.—Persons whose cases were referred to a Superior Court for higher punishment, for orders under section 562, Criminal Procedure Code, or for confirmation of sentence will be entered in column 7, and not in columns 5 and 6, against the Court making the reference. Against the Court receiving the reference they will be shown as convicted or acquitted, according to the orders passed by it, or as pending, if orders have not been passed.

Column 7.—These cases will also be shown against the Magistrates who made the reference, entry being made as directed above.

Column 8.—An insane accused who has been sent to a lunatic asylum should be kept on the file and entered in this column until he has been tried and either convicted or acquitted.

Column 9.—Omit cases in which the accused died, escaped or was transferred.

Column 10.—In calculating the duration before the Magistrates' Courts, the starting point to be taken is not the date of complaint or information, but that of apprehension, or attendance on summons or otherwise of the accused. As regards Courts of Sessions, the actual number of days occupied should be given, commencing from the date of commitment. Cases in which the accused has absconded before arrest or has escaped from custody should be taken off the file till the persons implicated appear again.

General.—The figures in this statement should agree with those of Statement No. 2, and should include nothing else.

Column 1, Sub-head "Superior Courts."—Includes cases decided by the High Court on reference under sections 307 and 374, C. P. C.

Column 19.—Includes fines realized during the year, though imposed in previous years. This column is intended to show the realized portion of fines imposed by officers in the exercise of original jurisdiction only.

Column 20.—Represents compensation awarded to complainants under section 545, Act X of 1882. These awards should also be shown under the head "Fines," imposed, and "realized," in columns 18 and 19, for "they form part of such fines."

General.—(1) The total of columns 5, 6 and 11 should correspond with the total of columns 21 to 25 (both inclusive), and the total of column 8 should correspond with the totals of columns 12 to 17 inclusive.

(2) This statement is meant to exhibit every sentence passed, and, where two penalties are inflicted on the same offender, to exhibit them both. Further to reconcile the number of persons entered in this statement as punished, with the number entered as convicted in statement 4. It is necessary to note cases such as those in which fulfilment of contract is ordered under Act XIII of 1859 in a foolkato. As regards persons whose cases were referred for higher punishment or for confirmation of sentence, the punishment, if any, sanctioned by the higher Courts should be entered against such higher Court, and not against the Court making the reference.

NOTES.—Column 2.—Total of columns 3 to 12. Cases transferred from one Court to another in the same Province will appear only against the Court by which decided, or in which pending at the end of the year, if not decided. The words "Applicants for revision" in the heading of this column should be held to include only accused persons on whose behalf an application for revision is made or in whose interest the Magistrate or Judge may take steps to obtain revision on his own motion. Where such application is made, or such steps are taken, on behalf of a complainant, the fact should be noted, with the number of complainants concerned, in the column of Remarks. In the latter case, the accused persons against whom the application is made, though not appearing in this column, will fall into their proper places in columns 3 to 13, according to the result of such application. This note is held to apply also to cases dealt with by the High Court on review of returns.

Column 5.—Appeals dismissed under section 423, C. P. C., should be entered in this column.

Column 6.—Orders of discharge set aside by a Superior Court under section 436 of C. P. C., should be entered in this column.

Column 9.—When a sentence is reversed or proceedings are quashed on appeal, and a new trial or further enquiry is at the same time ordered, the Appellate Court should not fill in column 8 as well as column 10, or column 9 as well as column 10, in each case respectively, but should make the entry in column 10 only.

Column 13.—Duration of appeals, applications for revision, or reference should be calculated thus—

(1) Appeals from date of receipt in office of the petition of appeal;

(2) Applications for revision—from the date of application;

(3) Cases dealt with by the Court otherwise than on application—from date of the order calling for the records; and

(4) Cases sent to the High Court by lower Courts for revision—from the date of the letter from the Court making the reference.

General.—Persons whose appeals were rejected under section 421, Criminal Procedure Code, should be entered in column 4, in which should also be included applicants for revision whose cases the Courts have refused to submit to the High Court. In columns 5 to 10, should be shown, opposite the sub-heads for Magistrates of District and Courts of Sessions, persons whose cases were disposed of by those Courts referred to the High Court.

Cases transferred from one Court to another in the same Province will appear only against the Court by which decided, or in which pending at the close of the year, if not decided. The number of cases pending from the preceding year should be noted in the column of Remarks, and when deducted from the total of column 2 should leave a balance corresponding with the total of column 33 of Statement VII. If after deducting the arrears shown at the end of the previous year, the balance does not agree with the figures in column 33 of Statement VII, the difference should be explained.

Column 6.—When under section 102, C. P. C., a decree is wholly or partially made in favour of an absent plaintiff on the admission of the defendant, the case should be entered in this column. Column 7.—A case in which defendant appears, but a plaintiff does not, and defendant does not confess judgment and the case is thereupon dismissed, unless some defect or omission requires to be amended before the plaintiff can be admitted, in which case the date of admission after amendment shall be regarded as the date of institution. With regard to applications to execute decrees the date of their presentation should alone be considered. In calculating average duration, the time that the suit has been actually pending in the particular Court should alone be calculated. The interval should be omitted during which an application for review which has been granted, or an appeal in which an order of remand has been passed, been pending in the superior Court. Revived suits are to be treated as if newly instituted on revival.
